

## CAPABILITIES

Jet Machine serves short-run / low-volume customers as well as industries that require extremely tight-tolerance parts at high production volumes. Utilizing top-of-the-line CNC machining equipment, we have 24-hour production shifts to meet your demands.

### Swiss CNC Turning Capabilities

#### Types

3 – Tsugami lathes  
5 – Star lathes

#### Attributes

Part Diameter: 0.0625-1.25 inches  
Part Length: approximately 12 feet

### Standard CNC Turning Capabilities

#### Type

1 – Miyano Twin Spindle Twin Turret  
Y-Axis CNC lathe

#### Attributes

Part Diameter: up to 3 inches  
Part Length: approximately 12 inches

### CNC Milling Capabilities

TYPE	MODEL	X-AXIS	Y-AXIS	Z-AXIS
Horizontal	Makino-A51	22	25	25
Horizontal	Haas EC400	20	20	20
Vertical	Haas VF6	64	32	30
Vertical	Haas VF7	84	32	30
Vertical	TM-1P	30	12	16
